Who are we?

The Economic, Social and Cultural Cooperation Fund for the Pacific or “Pacific Fund” (PF) is one of France’s regional cooperation instruments in the Pacific. The PF is financed by credits from the Ministry of Foreign Affairs and international development (MAEDI) and contributes to the regional integration of New Caledonia, French Polynesia and the Islands of Wallis and Futuna through cooperation with the independent States of the Pacific.

What is our mission?

The Pacific Fund is administered by a **Steering Committee (SC)** comprising 10 members, divided by half between **representatives of the three French Pacific Collectivities** and French government representatives (Foreign Affairs, Overseas France, and Economy and Finance ministries). The Committee is chaired alternately (every two years) by the President of the Government of New Caledonia and the President of French Polynesia.

The French Permanent Secretariat for the Pacific (SPP) processes project applications, prepares the work of the Steering Committee and implements and follows up its decisions. It also prepares and circulates summary reports.

Project Form

The project form below is designed to provide further information on the project you are submitting. It contains eight sections that should be filled in quickly. Being correctly filled in, this form may help your project to be selected. If you have difficulties answering items, please request assistance from the embassy, the High Commission, or the High Administrator in Wallis and Futuna. You can also contact the Permanent Secretariat for the Pacific at jean-louis.maurer@diplomatie.gouv.fr

Project Selection

Projects are submitted to local French representations (embassies, High Commissions, or the High Administrator in Wallis and Futuna). If the applying organization is established in metropolitan France, projects may be sent to the Permanent Secretariat for the Pacific. The French authorities assign projects an order of priority and present them to the Steering Committee which rules on the allocation of credits, depending on the nature of the projects submitted. Once your project selected, you will have to present a detailed description and budget estimate.
